

**RELATIONS WITH BOOSTER ORGANIZATIONS**

The M.S.A.D. #49 board recognizes that strong support comes from parents and organizations having interest in specific students or school activities. Support from booster and other club organizations are encouraged whenever appropriate as a means of involving the public in the activities and goals of the school district.

Proposed plans and projects by such organizations must be evaluated and promoted in light of their stated contributions to the academic, athletic and musical programs of the schools. Consideration must be given to the total value for all students rather than to specific elements. Care must be taken to avoid compromising or diluting the responsibilities and activities of the board.

Any plan or project to expand, modernize, renovate, or otherwise render assistance to the schools will be presented to the school board for prior approval.

Approved: 11/7/2013
